

**DEPARTMENT OF THE AIR FORCE**  
**24TH CIVIL ENGINEER SQUADRON (ACC)**  
**HOWARD AIR FORCE BASE, PANAMA**

21 Dec 98

**MEMORANDUM TO WHOM IT MAY CONCERN**

**FROM:** 24 CES/CEO  
PSC 1 Unit 0580  
APO AA 34001-0580

**SUBJECT:** Letter of Recommendation for PanaBlasting and Mr. Angel Fernandez

1. PanaBlasting has performed outstanding work on a number of industrial cleaning projects at Howard AFB over that last two years. I have personally worked with the general manager, Mr. Angel Fernandez, on several powerwashing projects and his performance has been nothing short of professional. He has always been able to meet short deadlines and has even worked weekends to meet our requirements.
2. Mr. Fernandez is dedicated to providing the best in customer service . I have received many accolades for the quality of service he has provided to our customers at Howard Air Force Base. His attention to detail and willingness to do more than required has earned him a great reputation. His ability to speak both English and Spanish fluently has also been a tremendous asset.
3. Mr. Fernandez has demonstrated that he has the necessary equipment and knowledge to tackle the toughest jobs. Likewise, I have always observed his crews wearing the appropriate safety gear.
4. PanaBlasting has proven to be a great asset to our organization, and I highly recommend them for any industrial cleaning job they seek. Please feel free to contact myself or MSgt Joe Thompson at (507)284-3007 if further information is needed.

A handwritten signature in black ink, reading "Jeffrey M. Todd", is positioned above the typed name and title.

JEFFREY M. TODD, Capt, USAF  
Commander, Operations Flight
