RE: **Licdo. Angel Javier Fernández**  
**Gerente General**  
**PANABLASTING**

To whom it may Concern,

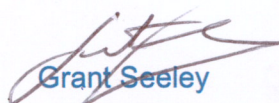

CMX Global Logistics is an international freight and logistics company involved in the shipping, cleaning, dismantling and logistics of mining and construction machinery. Panablasting, and its Director, Mr Angel Fernandez is our agent and representative in South and Central America. As our agent, Mr Fernandez's role is to arrange transport, dismantle for shipping, clean to meet Australian Quarantine requirements, survey machines and oversee the loading and or discharging of our machinery onto and off vessels.

Mr Fernandez has worked with and been known to our company for more than 3 years and has performed these tasks on numerous occasions for CMX in Panama, Chile and the USA.

To complete this work, Mr Fernandez requires access to ports and the surrounding facilities and has always worked within the limits of port regulations, and HSE requirements at all ports he has accessed on our behalf. The professionalism and expertise of Mr Fernandez is second to none and is crucial to CMX's movement of machinery throughout this region

If you have any further questions regarding Mr. Fernandez or Panablasting's activities please feel free to contact me at any time on the below number

Yours Sincerely,

Grant Seeley
